Don’t miss your chance to be in the Winner’s Circle!
Generous supporter promises to double donations before Sept. 30

We’re on the last lap toward doubling the dollars donated during the Matching Grant series here at the Santa Clarita History Center! If you donate before the end of business next Tuesday, September 30, our philanthropic partner will MATCH your donation (up to $20,000) and send the Center to the finish line with double the much-needed support.

Race talk aside - we’re in the home stretch (we can’t help ourselves, we’re so excited) and need your help to continue the critical work of protecting and preserving our local history, which includes saving the artifacts of the Saugus Speedway, the mementos from Magic Mountain, the schoolhouses where the children of our valley’s homesteaders were educated, the stories from the St. Francis Dam disaster, the historic buildings and rolling stock that live on our campus and so much more.

We are an educational resource for children, students, scholars, and visitors who are always enriched by our collection and its interpretation. Please help us grow the Santa Clarita History Center and continue to serve our community.

Every donation of any size will have a major impact, so donate today! Simply click the "I Want To Help the SCVHS" button below to make your contribution.

On behalf of the Board of Directors, our Advisory Board and the staff and volunteers who work daily to forward our mission, thank you!

With gratitude,
Alan Pollack, MD
President, SCV Historical Society
